To whom it may concern:

Since 1994 we have been using Hydro-Cartridges® Storm Drain Filtration in two of our facilities:

- N.E. Waste Transfer Station
- GSA Shop 3 and Solid Waste Management Truck Parking Lot

During the course of these 12 years of using the system, as the product specifications we have contained spills, eliminated almost the totality of hydro-carbons, and minimized sedimentation in the drain fields of the storm drainage, even under strenuous traffic conditions of very heavy equipment.

Sincerely,
